

## **Act 32 EIT Compliance for Self-Employed and Out-Of-State Employers**

Effective January 1, 2012, all EIT will be collected by Keystone Collections Group in Irwin, Pa.

Since self-employed individuals do not have an employer withholding for them, they will be classified as Direct Payers, to Keystone. Keystone is recommending that these individuals call and register as Direct Payers with Keystone's office. Quarterly payment forms are available at [www.keystonecollects.com](http://www.keystonecollects.com), or by request from their office.

Out-of-state employers are not required to comply with withholding as specified in Act 32 **unless** they possess a physical address in Pennsylvania, such as a branch office or even a trailer office. If they do possess a physical address, they are required to withhold and remit to Keystone. Note that under South Franklin's Ordinance, non-residents who work in the Township are also subject to the 1% EIT tax.

Any additional questions can be addressed to Keystone Collections Group at 724-978-0300.
