Parks & Recreation

This October the Township will be submitting a grant application for Local Share Account funding to install permanent restroom facilities in the Park. We hope we are awarded the grant because this project will be a huge upgrade, functionally and aesthetically, to the Park. We look forward to getting that started in 2014. Also this Autumn, the Park Board, Life Scouts, and volunteers will be upgrading the fencing on the Walker Lane ball fields.

Sewage Collection

Payments for Franklin Manor Sewage should be made to the Township and can be remitted through the mail to 100 Municipal Road, Washington, PA 15301 or by stopping by the office anytime between 8:30 am and 4:30 pm Monday through Friday. For your convenience, we also have a secure drop slot for after hours payments.

Lagonda Homemakers

The Lagonda Homemakers Club is seeking new members for Fun, Lunch, Trips, Crafts and Bake Sales. You must live in South Franklin Township. For those interested, please contact Lois (724-948-3743), Evelyn (724-222-9271) or Beryl (724-229-3069) for information.

Range Resources

Range Resources has completed all major operations on the Folly Hollow well site located on Deerfield Road. The Township will continue to work with Range to ensure the safety of residents and to correct any problems

Drilling Rig

that arise from future activity. During the month of August, road repairs were completed on Deerfield Road to provide a safer and smoother driving surface for Township and area residents.

CNX Gas

CNX Gas has five (5) well sites located in the Township. Three on Farmer Lane, one on Old Scales Road and one on Bethel Church Road. A sixth site has been developed near the intersection of Route 221 and Pleasant Grove Road for research and data collection only. A seventh site is being constructed off Gameland Road. The Township is working closely with CNX to ensure the safety of our residents and durability of our roads. CNX will also be constructing a water fill station on Route 221 near the Morris Township border. It will be a coin operated facility open to everyone.

Electronics Recycling

South Franklin Township is offering free recycling of specified electronics and appliances. A list of acceptable items for recycling is available online or upon request. Call the Township when you are ready to deliver the recyclables.

Zoning Ordinance and Subdivision and Land Development Ordinance

The Township has undertaken a joint project with Green Hills to update our Zoning and Subdivision and Land Development Ordinances. Mackin Engineering was hired to complete the update of the Zoning Ordinance and Subdivision and Land Development Ordinance. The new ordinances have been adopted and enacted as of May 7, 2013.

Upcoming Projects

Bankson Engineering is working hard on completing our Act 537 Plan in hopes of bringing public sewage to the Township within the next few years. Another project is upgrading the Equalization Tank in the Franklin Manor Sewage Treatment Plant to ensure the plant continues to operate efficiently and properly. This project should begin in November 2013.

Township Dumping

The ever popular “dump site” on the Bedillion S curve has been roped off by CNX, owners of the property, and dumping will not be tolerated. Individuals caught dumping will be prosecuted. This also goes for anyone caught illegally dumping anywhere in the Township.
