Township Bulletin

Parks & Recreation

The Township is in the process of developing a Park Master Site Plan which will detail the Park and how the Township can further develop its amenities. Once this is concluded, the Township will pursue funding opportunities to upgrade the playground equipment and other park facilities. Light Up Night was held on December 13th. Lastly, on October 25th, the Appalachian Bicycle Racing Association held their second race event in the Township. Check their [website](#) for details and pictures.

Local Share Account

In October 2013 the Township submitted an application to the Local Share Account (LSA) for funding to construct permanent restroom facilities for the Township Park. A double restroom facility will be placed near the lower pavilion. This project is being bid on December 5 and opened on December 19. For 2015, the Township has applied for more LSA funding to install another restroom facility as well as a new pavilion for the top portion of the Township.

Electronics Recycling

South Franklin Township is offering free recycling of specified electronics and appliances. A list of acceptable items for recycling is available [online](#) or upon request. Call the Township when you are ready to deliver the recyclables.

Ongoing & Upcoming Projects

Bankson Engineering is working hard on completing our Act 537 Plan in hopes of bringing public sewage to the Township within the next few years. The Township completed a project at the intersection of Old Plank and Route 18 in hopes of alleviating the water ponding and icing issue we have been experiencing in the winter. Lastly, for another consecutive year, the Township DID NOT raise any taxes.
