

# COVID-19 Antibody Testing Now Available

Vitalant is now testing blood donations for COVID-19 antibodies.

- Appointments are strongly recommended
- Do not donate if you are sick. This antibody test does not test for the presence of COVID-19 disease
- All successful donations will be tested for antibodies to SARS-CoV-2, the virus that causes COVID-19
- Donors can view results in your online donor account 2 weeks after you donate

*Note: Due to the significant cost of this test, reward points are suspended for the time being (except for apheresis donors, who give specific blood components via special equipment).*
